REASONS FOR ALLOWANCE

Claims 1-13 and 15-17 are allowed. The following is an examiner's statement of reasons for allowance: Claim 1 teaches A method for applying an aqueous solution to the internal walls of a reactor for polymerizing vinyl chloride and/or vinyl acetate, which aqueous solution contains a salt of an anti-scaling agent which comprises a product of condensation of an aldehyde, a phenolic compound and an aromatic carboxylic acid hydroxylated at the aromatic nucleus, the method being characterized in that the pH-value of this aqueous solution is changed to a pH-value of less than 5. Claims 1-13 and 15-17 all depend on this distinctive feature in order to prevent scaling on the interior walls of a reactor. Prior art does not suggest or teach the claim limitation as set forth by the instant application.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
